and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

At present I am enrolled as a college student working part time trying to make ends meet. I also am a low volume user, as I am trying to keep my cost down to a bare minimum. I eat beans for breakfast. So I would plead my case, do not charge EVERYBODY the proposed \$1.00 charge fee for interstate fees as I use my phone mainly for security purposes.

Sincerely, J.Payne

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
